رؤية  
VISION  
2030  
المملكة العربية السعودية  
KINGDOM OF SAUDI ARABIA

***“We seek to be proud of our country, and allow the latter to contribute to the development of the world, whether on the economic, environmental, Civilizational, or intellectual levels.”***

Inspired by his royal highness vision of 2030, our vision is built around three themes: a vibrant society, a thriving economy and an ambitious nation.

## Introduction to Atlantic Supplies

Atlantic Supplies was founded in 2016, with its head office in Riyadh - Saudi Arabia, aims to supply the construction market with the best quality of Mechanical products by representing the best worldwide brands. Our team consists of highly calibrated engineers to support your business with technical support for supplied-related products. We offer products related to hot water systems, cold water systems, toilet accessories, firefighting controllers and drainage systems. All of our products are audited certified by independent bodies to make sure we reach to the value we deliver.

# Our Objectives

We strive to deliver three goals :

1

To provide our clients with the best quality and most innovative products from reputable manufacturers around the world as well as a first-class after-sale service from experiences drawn from the globe to help them reducing future running costs

2

To help consultants in developing their own specifications and be informed and updated with the innovations and technologies we encounter via our global partnerships and presence

3

To provide our customers with competitive prices and short lead time aiming to help them to exceed their projects plans

# What We Can Do For You

- Our experienced and knowledgeable engineers provide a design and installation consultancy for the Hot Water System, Steam System & Solar Heating System.
- We work with factories and reputable consultants to assist them in optimizing the best solution for their hot water system. We also install some of the products we provide. During testing and commissioning, our team can be on the ground to assist with the commissioning.
- We provide after sales service by providing spare parts and commissioning of products supplied by Atlantic Supplies.
- Some of the products we provide to our customers needs supervision, commissioning and maintenance. Therefore, we dedicated a trained team of engineers to help our clients with such requirements.
- Our engineers have conducted training with our Channel Partners and developed a vast knowledge about the products we supply. Our products also are provided with warranties signed by the manufacturers and ourselves. We are committed to service our clients with professionalism and integrity.

## Some of Our Customers

With hard work, diligent and sought to develop, Atlantic Supplies has won the confidence of many customers, which we are proud to deal and serve them.

In a short time, Atlantic Supplies has gained the confidence to be a reliable supplier in this field.

# Our Main Brands

Atlantic Supplies hold exclusive agreements representing many reputable and worldwide-recognized brands to serve the market.

Our heritage and vast experience have helped us to develop our own distribution networks of the brands we represent.

# Atlantic Portfolio Of Products

---

We aim to provide the construction industry in the Kingdom of Saudi Arabia's market with different range of elite Mechanical products. We continuously review, audit and expand our range of products. In this section, we will outline some of the brands and products we supply.

Contact us through our website! For more information:

Hot Water  
Solutions

Flow  
Measurement

Steam  
Accessories

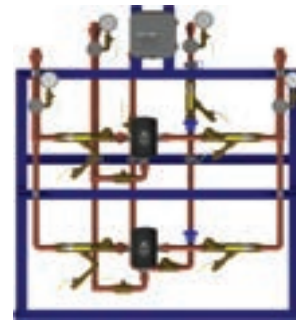

Heat Pump

Humidification

## Hot Water Solutions

- Digital Recirculation Valve (DRV - Brain)
- Steam & water mixing valve
- Thermostatic mixing valve
- Water to water heating packages
- Steam to water heating packages
- Heat Exchanger, Heating Packages

## Heat Pump

- The Master in Energy Saving, Armstrong Heat Pump heating System produces highly efficient and accurate domestic hot water. Available displacements 4 to 300 m<sup>3</sup>/h.

## Steam Accessories

- Steam Trap Valve, Air Vent Strainers, Control Vales Steam System Monitoring Condensate Recovery Equipment, Pressure and Temperature Controls (Regulators and Control Valves), Steam System, Monitoring Steam Filters.

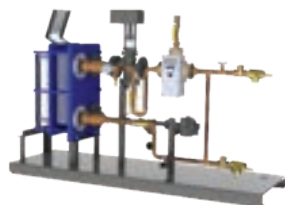

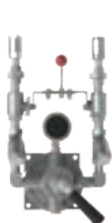

## Humidification

- Steam to Steam Humidifier
- Electric Steam Humidifiers
- EVAPACK (Adiabatic Process)
- Humid-Clean

## Flow Measurement

- VERIS Acceblar, VERIS Verabar, Armstrong Vortex Meter, Armsrong Ori-fice Plate, Armstrong Venturi Tube Flow Nozzle.

Lochinvar's is a leading manufacturer of high-efficiency boilers and energy-saving innovations used in commercial and residential hydronic heating and hot water applications and lead the excellence since it was founded in 1939.

As apart of A.O Smith Corporation, Lonchivar become a leading global water technology company-leading producer of energy-efficient boilers, water heaters, pool heaters and commercial package systems.

Standard  
Hi-Power  
Electric Heater

Custom  
Hi-Power  
Electric Heater

Hot Water  
Storage Tanks

Gas  
Water Heater

Pool & Spa  
Heaters

## ● Custom Hi-Power Commercial Electric Water Heaters: Vertical, and Horizontal Designs

### ● Standard Features:

- Range from 15 to 432 kW
- 150 - 2500 Gallon Capacity
- Magnesium Tank Saver Anodes
- Immersion Thermostat
- Advanced Electronic Control
- Low Water Cut-Off
- BMS Enable/Disable Contacts
- ASME Construction and National Board Listed

## ● Standard Hi-Power Commercial Electric Water Heaters:

### ● Standard Features:

- Range from 6 to 54 kW with Capacity
- Gallon from 50 to 119 Gallons
- Magnesium Tank Saver Anodes
- Immersion Thermostat
- ASME Construction and National Board Listed
- All models meet or exceed ASHRAE

## ● Other Products :

- Hot Water Storage Tanks
- Gas Water Heaters
- Pool and Spa Heaters
- Heat Pumps
- Boilers

With more than 50 years of experience, Qua-vac is a leading expert in sustainable vacuum technology and wastewater collections. Qua-vac has sustainable systems that are designed, produced, and delivered from the head office in the Netherlands and applied in ships, buildings, industry, urban networks and artificial islands.

## Products

1. Gravity line
2. Collection chamber with Interface unit
3. Vacuum line
4. Pockets
5. Vacuum station
6. Odor control unit
7. Discharge to treatment system (pressure line to nearby sewer or sewage treatment plant)

### Approved / Supplied:

Six Sense Hotel  
King Abdulaziz International Airport/ Jeddah, KSA  
Ummahat Al Shaikh Island Resort H11, (TRSDC)  
Ummahat Al Shaikh Island Resort H12, (TRSDC)  
Sindalah Island, NEOM Red Sea Project  
and More ...

Available options: Vacuflow valve with monitoring sensor, VACULINK monitoring system

## Quavac main features

- The only system in the market which will still work after being
- Fully submerged
- No electricity needed
- Some equipment still in use for more than 40 years
- The valve and controller are tested by independent company (Lloyd's Register) according to EN1091
- Complying with the EURO Norm 16932-3
- Neither inspection chambers nor breathing pipes needed
- Can work with both SDR17 or SDR11 pipes
- Easy to operate, access and maintain
- Fully waterproof valve that is fully submersible under any condition
- Constant water/air ratio even at high flow
- 10 years warranty
- Easy to dismount or remove valve, operate & access all items inside the chamber

Astral was established in 1996 in India, with German technology to provide the top quality sound insulating low noise drainage and sewerage piping system suitable for drainage of both commercial and residential wastewater.

Astral Silencio is suitable for hot and cold waste water and fulfills all the requirements of non-pressurized waste. Less than 10 dB.

### Advantages:

- Outstanding noise-insulation values
- Easy installation
- High impact resistance
- As strong as metal
- Chemical resistance
- No special clamps/hangers required
- Extremely tough
- Resistance to hot water
- Smooth inner surface
- Up to 93 C degree

### Approved / Supplied:

Twaiq School  
Buraydah Hospital  
Marriott Courtyard Riyadh  
Saudi Arabia Monetary Authority  
Four Points Sheraton Hotel  
Citadines Hotel  
Dalah Hospital  
Makkah Hospital  
and More ...

### Silent Pipes and Fittings

#### External Layer – Polypropylene

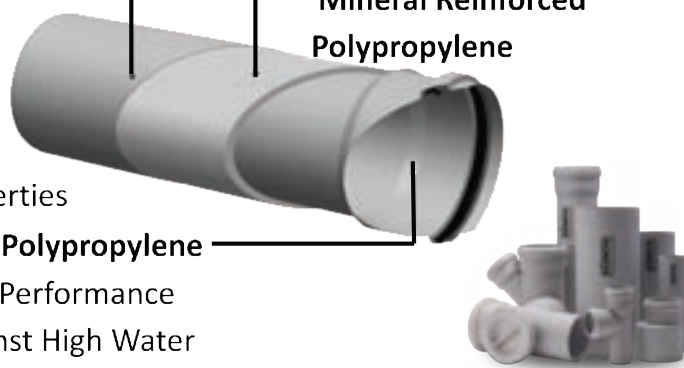

- Extremely Tough
- Sturdy
- Impact Resistant
- Very High Ring Stiffness
- Excellent Acoustic Properties

#### Middle Layer

Mineral Reinforced  
Polypropylene

#### Internal Layer – Polypropylene

- Superior Flow Performance
- Resistant Against High Water Temperatures & Chemicals

### Industrial Thermometers.

- Strait, 90 Angle & 135 Angle

Alu alloy casings

NYPAC casings

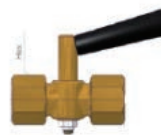

Temperature Ranges: -60 up to 600 C Celsius / -76 up to 1112 F (Fahrenheit)

### Pressure Gauges

- Stainless Steel Casing, ABS Casing, Liquid filled

Dial size range: 40, 50, 63, 100 to 160 mm

### Siphon (O and U Types)

B METERS is an Italian company that has been designing, producing and distributing instruments and solutions for measuring the consumption of water and energy used for heating and cooling, for 30 years, with yearly production exceeds 1,800,000 units.

## Products

- For hot & cold-water applications
- Single & Multi jet Water Meter
- Woltmann Water Meter
- Compound water meter
- Digital & Ultrasonic smart water meters
- Irrigation meters
- Thermal energy meter (BTU)
- Electromagnetic flow meter
- Heat cost allocators
- Wired & Wireless reading systems
- Integrated with BMS

## ● Expansion Joints:

### ● Metal Bellows Expansion Joints:

- Stainless Steel AISI 321 (304,316,316L, 316TI, 309)
- Operating Temperature -80 C / +600 C
- Operating Pressure PN 6/16/25/40/64

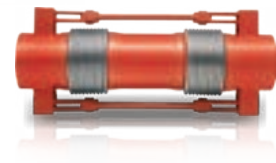

#### Axial Expansion Joints

- Nominal Dia. DN25 (1") – DN2600 (104")

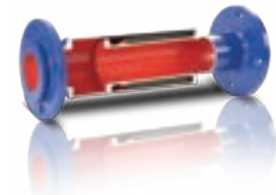

#### Lateral Expansion Joints

- Nominal Dia. DN25 (1") – DN2600 (104")

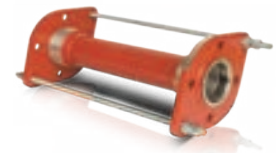

#### X-Pressed Expansion Joints

- Nominal Dia. DN25 (1") – DN1500 (60")

#### Dilatation Expansion Joints with Tie Rods

- Nominal Dia. DN25 (1") – DN1000 (40")

#### Gimbal Type Seismic Expansion Joints

- Nominal Dia. DN25 (1") – DN1000 (40")

#### Vibration Absorber Expansion Joints with Tie Rod

- Nominal Dia. DN25 (1") – DN1000 (40")

### ● Rubber Expansion Joints:

#### Rubber Expansion Joints DKK-10

- Nominal Dia. DN20 (3/4") – DN100 (4")
- Operating Pressure 10 Bar

## Rubber Expansion Joints LKA-10

- Nominal Dia. DN20 (3/4") – DN400 (16")
- Operating Pressure 16 Bar

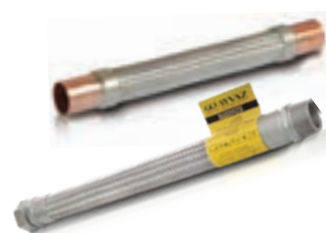

## Flexible Metal Hoses:

### Industrial Hoses:

## Braided and Non-Braided Hoses without Fittings

- Stainless Steel Hose AISI 316L – AISI 321.
- Stainless Steel Braiding Material AISI 304.
- Flange, Welded or Threaded ends.

### Water and HVAC Hoses:

## AQUAFLEX – Fully Extensible (MIG SU)

- Closed pitch corrugated extensible metal hose.
- Hose Material: Stainless Steel AISI 316L .
- Polyolefin Cover in White or Coverle .

## FAN-COIL HOSE (Braiding and Non-Braided)

## MIX-FLEX

## Other Products :

- Solar Energy Hoses
- Level Controllers
- Steam Traps
- Gas Hoses
- Valves

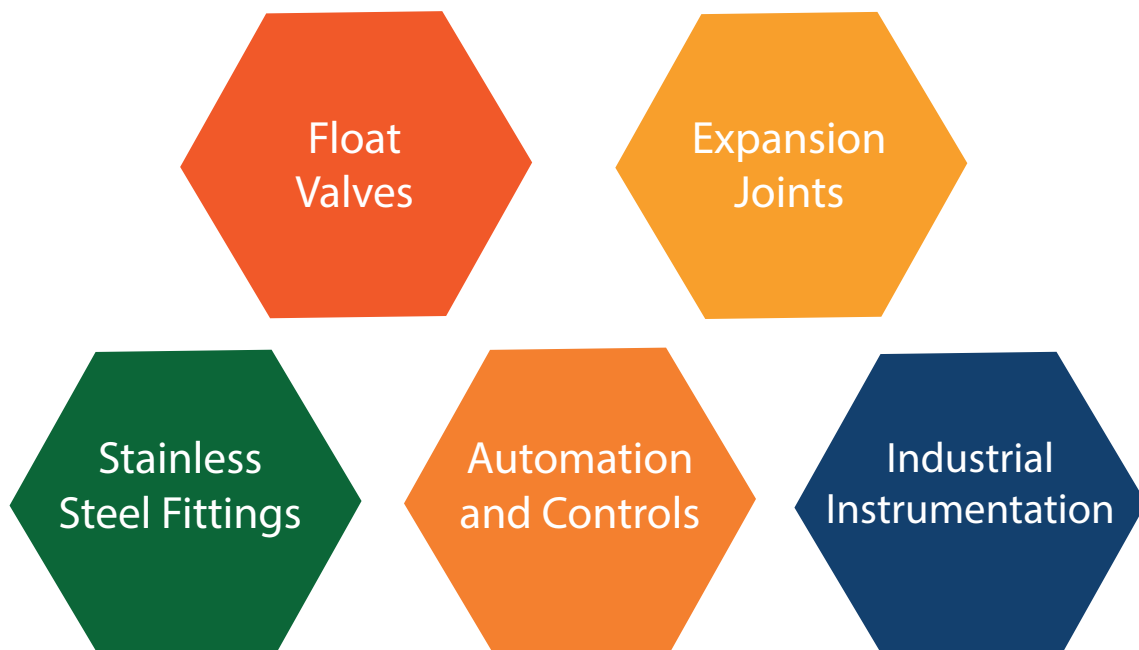

Genebre started its activity in 1981 in the market for fluid control valves, and later continued with the internationalization of subsidiaries in Europe, Asia and America. The company has maintained continuous growth over the years to become one of the world leaders in its sector.

As a result of this growth, in 2008 the Genebre Group holding was created, which currently counts on Hobby Flower, their Hydro-planters brand (acquired in 2012) and Genwec Washroom Equipment & Complements (created in 2014), specialized in public bathroom equipment. These new companies complement the Genebre Group's diversified portfolio.

## Products

## ● Expansion Joints:

- Threaded ends: 3/4" to 3"
  - Burst Pressure 30 bar
  - Max. Working pressure 10 bar.
  - Max. Working Vacuum 400 mbar
  - Working temperature – 10 °C + 105 °C.

- Flanged: 1 1/4" to 20"
  - Maximum working pressure:  
16 bar (sizes 1 1/4" to 12")  
10 bar (sizes 14" to 20")
  - Working temperature – 10 °C + 105 °C.
  - Burst Pressure 30 bar.
  - Max. Working Vacuum 400 mbar

## ● Float Valves:

- Stainless Steel AISI 304 Float Valves:
  - Sizes: 3/8" to 1 1/4"
  - Maximum working pressure 10 bar.
  - Max. working temperature 150°C

- Stainless Steel AISI 316L Float Valves:
  - Sizes: 3/8" to 2 1/2"
  - Max. Working pressure 10 bar.
  - Max. Working temperature 150 °C

## ● Other Products :

- Automation and Controls (Actuators and Valves)
- Industrial Stainless-Steel Valves
- Stainless Steel Fittings
- Industrial Instrumentation

Precision Plumbing Products was founded in the early 1960s, nothing competes with the durability and functionality of American manufacturing. PPP takes pride in our consistently high quality, USA-made products.

All components are carefully inspected and scrutinized in-house to deliver the finest results, PPP control every step of the manufacturing process at our ISO 9001 and ISO 14001 certified facilities: from conception to design and delivery. This allows for the highest standards in quality management.

GENWEC by GENE BRE, designs, manufactures and distributes a wide range of products in the public washroom equipment sector, in stainless steel and other materials, combining quality and durability with the most current trends that the market demands. This results in complete solutions for the hygiene and comfort of the users, while strictly complying with the current certification standards.

## Products

## ● Hand dryers:

- Different designs and operation
- Steel (Brushed or Polished), Aluminium (Black or White Epoxy)

## ● Paper Dispensers:

- Different designs, Manual and Automatic paper dispensers
- Toilet dispensers (Single and Double) and paper dispensers
- Toilet Seat Cover Paper Dispensers
- Polished, Brushed and White Epoxy finishes

## ● Soap Dispensers:

- Different designs, Automatic and Manual soap dispensers
- Polished, Brushed and White Epoxy finishes

## ● Washroom accessories:

- Different materials available: Stainless Steel, Chromed Zinc and Chromed Brass
- Hangers, Tumbler Holders, Soap Holders and Dishes
- Shower Soap Holders, Toilet Bars, Glass Shelves
- Toilet Brushes, Toilet Dispenser, and Towel Rings

## ● Compact furniture:

- All Brushed Stainless Steel
- Built-in and Surface types
- Paper towel dispensers, hand dryers and waste paper

## ● Other Products :

- Wastepaper bins
- Hair dryers
- Baby changing stations
- Stainless steel sanitary products
- Grab bars & technical mobility supports
- Eye washers & emergency showers

Delany Products is a family owned manufacturer of flushometers or flush valves. It is located in Charlottesville, VA. It was originally founded in 1879 as Coyne and Delany Company

Delany Products is a leading manufacturer of plumbing products, offering a comprehensive line of flushometers, bedpan diverter valves, hydro-flush valves, sensor-operated flush valves, and sensor faucets.

## Products

### ● Flush Valves:

- Manual Operated Flush Valves
- Sensor Activated Flush Valves
- Security Flush Valves
- Hydraulic Activated Flush Valves
- Hospital Bedan Diverter Valves
- Sensor Operated Surgical
- Scrub Sink Faucet

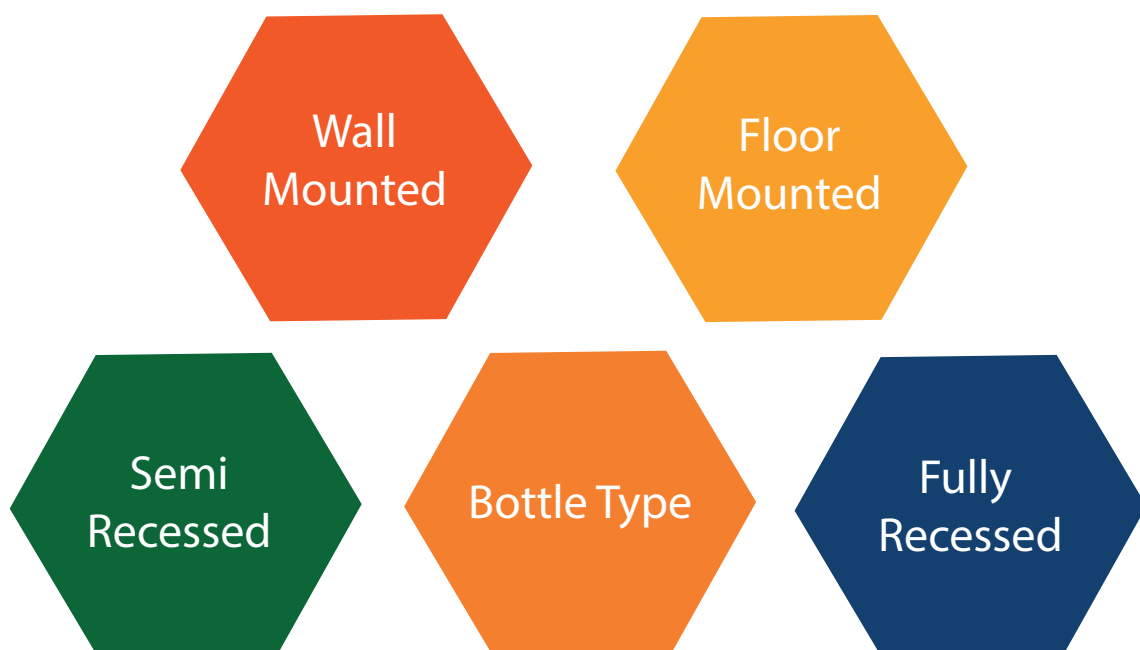

Mansfield Plumbing Products (MPP), founded in 1929, is the leading United States producer of top quality, high design, performance plumbing fixtures and fittings for use in residential, commercial and institutional markets.

Mansfield is one of only three companies still operating pottery plants in the U.S. Utilizing highly automated production processes, Mansfield precision manufactures millions of pieces per year at its Perrysville, Ohio, plant alone. Two other U.S. cities are home to the company's plants: Big Prairie, Ohio and Henderson, Texas. With more than 600 employees, Mansfield is one of the largest domestic producers of sanitaryware, and is proud to stamp many of its products with "Made in the USA."

## Products

## ● Flushometer Toilets:

- Mansfield® flushometer toilets deliver enhanced durability, premium performance and ADA installation options. These fixtures provide long-term dependability for many specialty applications including bariatric and healthcare setting.

## ● Urinals:

- Mansfield® urinals deliver performance and dependability in a variety of handsome styles and performance options. High-efficiency water-conserving urinals as well as ADA compliant models help meet the requirements of today's commercial application

## ● Lavatories:

- Mansfield® offers lavatories to accommodate virtually any commercial application. Whatever your need, you'll find a stylish and durable, vitreous china Mansfield® lavatory for the job.

SANITANA is Portuguese manufacturer that produces sanitary ware and bath related products. It was founded in 1979, having been the first Portuguese ceramics company dedicated exclusively to the fabrication of sanitary ware.
